EDUCATION

University of Massachusetts Amherst | Amherst, MA

B.S. in Computer Science | GPA: 3.3 **Sep 2024 - May 2027**

Relevant Courses: Object-Oriented Programming, Calculus 2, Calculus 3, Data Structures, Reasoning Under Uncertainty (probability), Programming Methodology, Introduction to Computation, Software Engineering, Intro to Algorithms, and Computer Systems Principles.

Suffolk University | Boston, MA

B.S. in Computer Science | GPA: 3.995/4.0 **Sep 2023 - May 2024**

Relevant Courses: Calculus, Foundations of Computer Science in Python, Computational Science using NetLogo

TECHNICAL SKILLS

Programming Languages: Python, Java, Javascript, SQL. Basic HTML and CSS.

Version Control: Git.

Other Tools: Microsoft Office, Google Workspace.

Soft Skills:

- Strong communication, collaboration, and adaptation skills.
- Quick to learn, naturally curious, and driven.
- Excellent at problem solving.

PROJECTS

Password Vault | Personal Project **October 2024**

- Developed a secure password manager in Python, implementing encryption using Fernet and PBKDF2 for enhanced data protection.
- Designed a user friendly interface for password management, allowing users to add, modify, retrieve, and remove passwords with strong authentication mechanisms.
- Utilized file handling and permission settings to safely store and manage encrypted passwords, emphasizing data privacy and integrity.

Quiz Maker | Personal Project **February 2025**

- Developed an application in Java that allows users to create, edit, and manage multiple quizzes with desired questions and answers.
- Implemented JSON storage with Gson, enabling structured data storage and the retrieval of previously made quizzes.
- Developed CRUD functionalities for adding, updating, and deleting quizzes while also ensuring proper serialization and deserialization of data.
- Added error handling mechanisms to manage JSON parsing issues and ensure data integrity.

Wholesale Business Website| Amazon Reselling Project **In Progress**

- Currently building a professional business website using HTML and CSS, hosted via GitHub Pages with a custom GoDaddy domain, to present RQ Bestprices LLC as an authorized Amazon reseller and wholesale partner.

WORK EXPERIENCE

Stop and Shop | Front-End Clerk | Abington, MA **Feb 2023 - Present**

- Provided outstanding customer service to hundreds of customers daily.
- Demonstrated adaptability and helped training new staff.

INTERESTS

- Game mechanics and design, philosophy of technology, and the impact of technology on health.
